## WE'RE FOR AMERICA! AMERICANS!

MISS ALICE ROE fell and broke her ankle at Greenup.—News item.  
Where's that?

CRADDOCK, he of the Paris paper, says he is Welsh. Certainly; a Welsh rarebit.

GOVERNOR ALTGELD of Illinois in one day pardoned twenty convicts, twelve of whom were murderers. And yet the Democratic papers hereabouts haven't set up a howl about it. Is it because ALTGELD is a Democrat?

AFTER all, the body of the late eccentric CHARLES BRAMEL was not submerged in whisky and a stone coffin. The excuse given is that he had outgrown the coffin; but the real reason is that it was deemed too great a waste of old Bourbon.

GREEN R. KELLER, the clever Editor of The Carlisle Mercury, says he is not a candidate for Clerk of the Court of Appeals; but he wants his brethren of the press to say that he will be a candidate for Congress two years hence—or some easy and sure job like that!

THE latest expression of Mr. CARNEGIE upon political or rather economic matters, is an article in the North American Review, in which he pays attention to Mr. BRYAN and predicts that "when the next President is to be chosen bimetalists and free silver coinage advocates will be almost unknown."

THE invention of the typewriter has given employment to half a million women. This, of course, does not contemplate the thousands of skilled mechanics engaged in the manufacture of the typewriters. And yet there are people who are so unreflective as to contend that the introduction of machinery narrows the avenues of employment.

"PENITENTIARY Reform" will be one of the subjects to which Governor BRADLEY will invite the attention of the Legislature when it is called to meet in extra session. It is understood that the Board of Prison Commissioners have asked him to recommend the abolishment of the Eddyville Branch Penitentiary and that he has decided to do so. Their plan is to enlarge the prison at Frankfort and also to reduce the prison population by building the two Schools of Reform for young criminals as contemplated by the last Legislature.

THE Washington correspondent of The Courier-Journal is moved to remark—

"It was learned today that the Republican members of the Ways and Means Committee will play the farmer for all he is worth. Everything the farmer asks for will be granted."

Well, didn't the Republican platform, and all the Republican speakers who stood on that platform, promise to give the farmers a fair deal if they would help to elect Major McKINLEY? Do you object to the keeping of that promise? One thing is certain, your miserable, un-American Gorman-Wilson-British-Free-trade Bill nearly ruined American farmers, and they now rely upon the Republican party to introduce and pass measures that will restore to them what you took away. And it will be done, kick as much as you may.

## HERE'S YOUR OPPORTUNITY!

Positively the Greatest Bargain Ever Offered!

For Daily Use in Your Home or Office and especially to aid the young folks in their studies, no single work in the world equals that matchless Reference Library, the New

## STANDARD AMERICAN ENCYCLOPEDIA

Prepared under editorial supervision of

John Clark Ridpath, LL.D.

author of "Ridpath's Histories," etc., assisted by a large corps of editors and over 100 eminent scholars and specialists.

## A Superb Reference Work

treating over 60,000 topics (10,000 more than any other encyclopedia) covering the entire field of human knowledge, thought and endeavor, including The Arts, Sciences, Philosophy, History, Biography, Geography, Astronomy, Geology, Meteorology, Navigation, Exploration, Discovery, Agriculture, Horticulture, Commerce, Finance, Ethnology, Zoology, Botany, Chemistry, Physiology, Mineralogy, Electricity, Theology, Law, Medicine, Political Economy, Statistics, etc., etc.

Fresh from the Press

Cost \$800,000 to Produce

The NEW STANDARD AMERICAN ENCYCLOPEDIA is brought down to the present time, and contains hundreds of articles on subjects not treated in any other reference work. Another important feature in which it stands absolutely alone is its very full appendixes which embrace over 100 subdivisions, including a Biographical Dictionary, a Dictionary of Technical Terms, a Gazetteer of the United States, Statistics of Presidential Elections, State and Territorial Elections, Religious Summaries, Statistics of the Population of the World, and a Veritable Mine of Other Information on thousands of subjects of universal interest and importance.

## It is Now the Standard

Every school, college, court and public library, where the work has been thus far introduced, has immediately given it the preference over all others.

For a Limited Time Only—  
Just to Introduce the Work

ONE DOLLAR

You thus secure this Splendid Reference Library at once for continued use and enjoyment.

## SEE HOW LATE IT IS!

THE NEW STANDARD AMERICAN ENCYCLOPEDIA is the LATEST OF ALL general reference works. All others are from 5 to 10 years old, and are silent regarding RECENT topics of universal interest. THE "STANDARD AMERICAN" contains hundreds of NEW ARTICLES on subjects not treated in any other encyclopedia, such, for instance, as "THE X RAY," "ARGON," "HORSELESS CARRIAGES," "THE ATLANTA EXPOSITION," "COLOR PHOTOGRAPHY," etc., etc. It also gives biographies of hundreds of people who have LATELY become famous, such, for instance, as PROF. ROENTGEN, discoverer of the "X RAY"; IAN MACLAREN; DR. NANSEN, the explorer; RUDYARD KIPPLING, the celebrated writer. Besides this it is the only encyclopedia which presents all the LATEST STATISTICS—State, Territorial, and National, and of the whole world. It is the One Great, Practical Reference Library for the Professional and Business Man, the Teacher, the Student, the Farmer, the Artisan and Mechanic.

## MAGNIFICENTLY ILLUSTRATED THROUGHOUT!

With over 3,500 engravings, of superb quality and wonderful variety, including numerous engraved portraits of distinguished Poets, Authors, Physicians, Chemists, Philosophers and Scientists, and with over 300 new maps, diagrams and charts from the VERY LATEST EXPLORATIONS AND SURVEYS, delineating Continents, Empires, Countries, States, Cities, Towns, Canals, Solar, Lunar, and Planetary Systems, and every portion of the known world, and forming a Complete and Indexed Atlas of the globe. THE STANDARD AMERICAN is the best illustrated and the best mapped Encyclopedia in the English Language.

## Our Great Introductory Offer

To secure widespread and favorable publicity for THE NEW STANDARD AMERICAN ENCYCLOPEDIA, we have decided to place a few introductory sets in each community throughout the country for comparison with all other reference works as to plan, scope, latestness of treatment and general practical and educational value. We feel that every set will create a demand for others. While the distribution will be general in extent, it will last for a limited time only, after which our regular subscription sale will begin, at prices ranging from \$48 to \$72 a set, according to style of binding. Now, however, to quickly and thoroughly introduce the work, as above stated, we make the price merely nominal (about the cost of paper and printing), the distribution being limited to a very few weeks, reserving the privilege of withdrawing the offer at any time when we consider a sufficient number of these introductory sets, at the special price, has been distributed.

Send \$1 to THE ENCYCLOPEDIA PUBLISHING CO., 156 Fifth Avenue, New York City, and a full set of eight volumes of THE NEW STANDARD AMERICAN ENCYCLOPEDIA in cloth binding, will be forwarded to you at once. The balance is payable at the rate of \$1.50 monthly for one year, or about 5 cents a day. If you prefer the half-Morocco binding, the monthly payment will be \$2, and for full sheep, \$2.50 per month for the year. We recommend the half-Morocco style, which is particularly elegant and serviceable, and will last a lifetime. If not as represented any set may be returned within ten days and money will be promptly refunded. Owing to the nominal price at which these introductory sets are sold, transportation charges must be paid by purchaser. Our confidence that the volumes will be cheerfully paid for is shown by sending a \$48 set of books on payment of only \$1. We also feel that you will thoroughly appreciate the superb new work and speak favorably of it to others. Sample pages, with specimen illustrations, will also be sent on application until the offer is withdrawn. We refer you to the publisher of this newspaper. Always mention name of paper you see this offer in. Address—

The ENCYCLOPEDIA PUBLISHING CO., 156 Fifth Avenue, New York, N.Y.

These Books can be seen at The Ledger Office, and subscriptions will be received here. Call and look at them. They will make a valuable Holiday Present.

## THE JUNGFRAU RAILWAY.

Will Be Running In Six Years—Its Cost \$2,000,000.

Westminster Gazette.

Having recently returned from the Wengernalp-Scheidegg, I send you some particulars as to the Jungfrau Railway, which will interest some of your readers and disgust others. At the Scheidegg Hotel I met the entrepreneur of this undertaking, M. Geyer-Zeller, who combines the functions which would, in England be divided between the promoter, the directors, the engineer, the contractor and the clerk of the works. His courage and enthusiasm are most remarkable, and his confidence in the success of his scheme is such that, of the £400,000 capital required, he has provided £40,000 out of his own pocket. He has now 110 men at work, and expects to finish this autumn the railway cutting and embankment from the Scheidegg to the Eiger. The tunnel will be carried through the rock of this mountain, gradually ascending until it passes underneath the upper part of

the Eiger glacier. The railway will next be taken through the Monch until it reaches the Jungfrau, and in the rock of the Jungfrau itself the tunnel will gradually ascend to the top. Of the intermediate stations the first will be at the Eiger, the second on the Monch, and the third near the Aletsch glacier—to which a branch tunnel will be made connecting the Bernese Oberland with the Rhone Valley. The return fare from the Scheidegg to the top of the Jungfrau will be 54 francs, and it is anticipated that many persons who do not propose to go to the top will avail themselves of the intermediate stations in order to reach the Eiger or the Aletsch glacier.

The motive power will be electricity, generated by the waterfalls and streams at Lauterbrunnen and Gindelwald, from which 9,000 horse-power can be obtained. Only 3,000 horse-power is required, and it is proposed to utilize the residue for electric lighting at Berne, Thun and Interlaken.

M. Geyer-Zeller has no doubt that the cost will not exceed his estimate of £400,

000, inasmuch as he personally superintends the works, and sees that no money is wasted. In six years he expects the railway to be finished. He will then be prepared to run a train every eight minutes, and he will keep a doctor at the bottom to advise passengers whether they are fit subjects for the ascent. The advice will be included in the 54 francs.

William H. Pancoast, the distinguished Philadelphia surgeon, is dead.

The progressive ladies of Westfield, Ind., issued a "Woman's Edition" of The Westfield News, bearing date of April 3d, 1896. The paper is filled with matter of interest to women, and we notice the following from a correspondent, which the editors printed, realizing that it treats upon a matter of vital importance to their sex: "The best remedy for croup, colds and bronchitis that I have been able to find is Chamberlain's Cough Remedy. For family use it has no equal. I gladly recommend it." 25 and 50 cent bottles for sale by J. James Wood, Druggist.

Wanted—An Idea Who can think of some simple thing to patent? Write JOHN WEDDERBURN &amp; CO., Patent Attorneys, Washington, D. C., for their \$1.50 price offer and list of two hundred inventions wanted.
